ASSOCIATION OF CONSULTING CIVIL ENGINEERS (I) HYDERABAD CENTRE

INSTRUCT
Empowering India's Construction

Jointly organizing

A Two-Day National Conference

on

Jai Raj Steel ATOOT

Next-Gen Highrise Buildings

Advancements in Composite & Steel Structures

11th & 12th July 2025

ESCI Campus, Centenary Convention Centre, Gachibowli, Hyderabad, Telangana - 500032.

Title Sponsor :

Jai Raj Steel ATOOT™ Fe 550 D TMT BARS

Media Partners :

NBM&CW
Infra Development & Const. Equipment Magazine

Constrofacilitator
Knowledge and b2b portal for construction and infrastructure

Supporting Organisations

PSI Pre Engineered Structures Society of India

CEAI Consulting Engineers Association of India

Indian Buildings Congress

Telangana Valuers Association

The Institution of Engineers (India)

ISHRAE Deccan Chapter

Indian Plumbing Association ESTD. 1993 Redefining Plumbing Standards

ICI Indian Concrete Institute

ABOUT CONFERENCE

Innovating for a Sustainable Future

This conference brings together esteemed experts and industry leaders to share knowledge and advancements in high-rise construction, focusing on

Sustainable Design : Innovative materials and techniques for reducing environmental impact-

Resilient Structures : Advanced systems for withstanding natural disasters and extreme conditions

Composite and Steel Systems : Cutting-edge technologies and applications in tall-building construction

The conference provides a platform for :

- Knowledge sharing and collaboration
- Showcasing latest research and developments
- Networking with industry professionals and experts

Objective :

To shape the future of urban infrastructure by promoting innovative and sustainable high-rise construction practices.

SPEAKERS

Analysis of Steel Composite Structural Systems, shear wall, BRBS including Fire

Dr. Sanatkumar P. Rajamane

Renowned structural engineer and academician with 40+ years of experience. Expertise in designing multistoried buildings, industrial structures, bridges, and metro rail projects. Founder of Sannidhi Technologies Inc. and Professor of Practice at IIT Dharwad. Provides pro-bono services to temples, goshalas, and hospitals.

Execution of Composite High-rise Structures - Case studies including Fireproofing

Er. Arumugam Soundararajan

Renowned structural engineer with 20+ years of experience in designing complex structures. Expertise in high-rise buildings, industrial structures, and airport projects. Currently, Head of Engineering Division at Eversendai Construction Private Ltd. Recognized as one of the "100 Influencers of Steel" and published in various journals.

Design of Composite Girders, Deckslab, Joint Connections, Fire proofing

Er. Arvind Salecha

Seasoned structural engineer with 25+ years of experience in large-scale infrastructure projects, including metro stations and bridges. As Director at Chetan Infratech Consultants.

Use of Digital Tools for optimizing design and fabrication

Dr. Ramesh Nayaka

Assistant Professor, Department of Civil and Infrastructure Engineering, IIT Dharwad. With over 10+ years of experience in teaching and research. Research focuses on 3D concrete printing, AI/ML-based design tools, and BIM integration.

Analysis & Design of Open Web Structures

Er. Bhavin Shah

Founder & CEO, SQVe Consultants. A passionate structural engineer with 20+ years of experience in multidisciplinary firms. Expertise in industrial structures, oil & gas, power plants, and renewable energy. Proven leader in cross-functional teams and quality standards. Founded SQVe in 2020 to promote engineering excellence.

Analysis and design of Grillage Foundation

Er. Niteen Sant

Experienced engineer with expertise in design and project management of ports, marine, industrial, and residential structures.

With 12+ years at Shrikhande Consultants, he specializes in structural rehabilitation.

Design of Joint Connections including BRBS

Dr. Jaswant N. Arlekar

Practicing Civil and Structural Engineer with 20+ years of experience in design, research, and teaching. Expertise in structural analysis, design, and detailing of steel and reinforced concrete structures. Published numerous papers on earthquake-resistant design and structural engineering.

NDT and Repais

Er. Kaizad Engineer

A seasoned expert with 22+ years of experience in construction and infrastructure projects. As Director Technical at Ushta Infinity Construction Company Private Limited, he has executed over 1500 structures globally and published 36 technical papers.

SPC Challenges in concreting of composite construction

Er. D N Vishwanath

Seasoned civil engineer boasts 37+ years of experience in construction, specializing in quality management, assurance, and control. With expertise in large-scale projects, they've delivered notable works in commercial, industrial, and infrastructure sectors, including cutting-edge projects like INTEL-SRR3 and IKEA Retail Store.

On comparison of American, British, Euro codes vis-a-vis Indian code

Dr. Mashudha Sulthana

An Assistant Professor at National Institute of Technology Tiruchirappalli, specializing in steel-concrete composite structures. With a PhD from IIT Madras, she has published research on concrete-filled steel tubular systems and contributed to Indian Standards for composite design. She also engages in structural design consultancy projects.

SPC Challenges in concreting of composite construction

Er. Hariom Gera

Steel Man of India', is CEO of Constructure Designs Pvt Ltd, a leading consulting firm. With 30 years of experience in designing concrete, steel, and composite structures, he's a member of IAStructE and INSDAG India. Hariom's passion is driving innovative solutions for complex projects, collaborating with owners, architects, and engineers."

About INSTRUCT

Institute for Research, Development and Training of Construction Trades and Management (INSTRUCT) is a not-for-profit institute serving the construction industry since 1989. INSTRUCT provides high-quality training to upgrade skills and update technology, having trained 40,000+ personnel through 1,500+ programs. Recognized for its service, INSTRUCT has received awards, including the prestigious "Vishwakarma Award" by CIDC in 2023 for its contributions to the industry.

INSTRUCT BOARD OF GOVERNORS

Office Bearers

Mr. Seshadri S	- Hon. Chairman	Er. Kaushik Hajra	- Hon. Secretary
Er. K M Manjunatha	- Hon. Vice Chairman	Er. S Ravi	- Hon. Treasurer

Governing Council Members

Er. Ajitkumar S M	Er. B K Dhar	Er. G B Suresh Kumar	Er. Madhukar B A
Er. Sanjay A Almelkar	Er. Kaizad Engineer	Er. Antonio Olavo Carvalho	Er. Ulhas P Prabhu

Ideal Attendees:

Consultants (Design, Structural, Management) | Construction Industry Professionals Architects

Builders & Developers Government Agencies | Engineering Colleges Professional Organizational members

SOUVENIR

A Keepsake for Industry Professionals

Our souvenir is a unique and exclusive publication that commemorates the National Conference on Next-Gen Highrise Buildings: Advancements in Composite & Steel Structures. This special keepsake features :

- Keynote addresses from renowned experts in the field
- Technical papers presented during the conference
- Profiles of our esteemed speakers and sponsors
- Insights into the latest advancements in composite and steel structures

A Valuable Resource

The souvenir serves as a valuable resource for about 50,000/- industry professionals, providing a comprehensive overview of the conference and its key takeaways. It is a perfect keepsake for those who attended the conference and a great way to stay connected with the industry's latest developments.

Advertisement Opportunities

We invite you to advertise in our souvenir and reach a targeted audience of industry leaders and professionals. Our souvenir is a great platform to showcase your products and services, increase brand visibility, and support the growth of the construction industry.

TARIFF AS FOLLOW

Front inner page	₹ 100,000 /-		
Last inner page	₹ 50,000 /-	Last Cover page	₹ 75,000 /-
Full page (10”x7.5”)	₹ 20,000/-	Half page (5”x7.5”)	₹ 12,000/-

Including Digital display in Conference Hall.

The above tariff is Souvenir Advertisements proposed.

Note : a) Ads & photos in color JPG format - high resolution b) 18% GST applicable.

CALL FOR ARTICLES

We invite original articles on the following topics related to structural engineering and construction for publication in our souvenir.

- ★ Steel Structures
- ★ Pre-Engineering Structures
- ★ Bridges, Culverts, Retaining Walls
- ★ Geo-Technical Engineering
- ★ ETABS
- ★ RCC Structures
- ★ Pre-Cast Engineering
- ★ Water Retaining Structures
- ★ MEP
- ★ STAAD Pro

Submission Guidelines :

Articles should be original and unpublished.

Proper references should be cited for any external sources used.

Authors' names and affiliations should be clearly mentioned.

Submit your articles to share your expertise and insights with our audience

Contact : **Er. Bheemrao Jaligama - 79814 72714, Er. Anvesh - 89778 47006**

Glimpses of ACCE(I) Hyderabad Centre

DELEGATE FEE

Fee Details	Amount Up-to 25th June 2025	Amount Up-to 5th July 2025	Amount from 6th July 2025
For ACCE(1) Members and INSTRUCT Members	₹ 2,360/-	₹ 2,950/-	₹ 3,540/-
For Supporting Organisations	₹ 3,540/-	₹ 4,130/-	₹ 4,720/-
For Non-Members	₹ 4,720/-	₹ 5,310/-	₹ 5,900/-
Students	₹ 1,180/-	₹ 1,770/-	₹ 2,360/-

(Discount availed to students for First come 100 Members only) All the above fares are inclusive of GST @ 18%

About ACCE (India)

The Association of Consulting Civil Engineers (India), established in 1985, is a nationally recognized professional body committed to advancing the civil engineering profession. With around 10,000 members and more than 50 active centers across the nation, ACCE(I) serves as a vital platform for collaboration among practicing engineers, government bodies, research institutions, and academia.

About ACCE(I) - Hyderabad Centre

The Hyderabad Centre, one of the most dynamic chapters of ACCE(I), comprises around 800 dedicated members. Our Centre regularly organizes technical presentations, seminars, workshops, and conferences to promote professional excellence and innovation. Notably, we successfully hosted NATCON-2023, a national convention that witnessed the participation of over 800 delegates and 14 distinguished speakers from eight countries.
